CHURCH VOTE TAKEN ON RESIGNATION OF PASTOR

The members of the Finnish Evangelical Lutheran church of Hancock at a special meeting yesterday voted for the resignation of the pastor, Rev. John Back, by a vote of 128 to 57. The total for removal lacked about ten of the required three-fourths, so that the pastor may still hold his position if he desires.

The church meeting was called to order yesterday by Rev. J. K. Niskanen, president of the Finnish College and of the Suomi synod, and C. A. Silven was elected as chairman. The congregation took up the matter of the decision rendered in a local justice court last week awarding Architect H. T. Liebert \$100 for work done in preparing plans for the new church a year or two ago. The congregation expressed dissatisfaction with the outcome and recommended to the trustees that the case be carried to the circuit court. The trustees were not explicitly directed to take such action but it was left to their discretion to take such steps as they considered best.

The development convention opens tomorrow and sessions continue on Wednesday, Washington's birthday. Practically every county and city in the upper peninsula will be represented by delegates and much benefit to the farming interests of northern Michigan is expected to develop from the convention.

OSCEOLA STOCKHOLDERS.

No Definite Action Taken at Meeting Held Saturday Evening.

The mass meeting at Germania hall Saturday night held by stockholders of the Osceola and other companies involved in the proposed C. & H. merger, developed little of importance beyond what has already been accomplished at previous meetings. It was reported at the meeting that during the day unexpected support had developed, but for certain reasons the nature of this support could not be made public at present. Several Centennial stockholders were present and declared that the mine had been undervalued in the C. & H. merger plan. They were advised to write to the copper country members of the legislature and urge the passage of the bill previously recommended by the Osceola stockholders.

SHE SUFFERED FIVE YEARS

Finally Cured by Lydia E. Pinkham's Vegetable Compound.

Erie, Pa.—"I suffered for five years from female troubles and at last was almost helpless. I went to three doctors and they did me no good, so my sister advised me to try Lydia E. Pinkham's Vegetable Compound, and when I had taken only two bottles I could see a big change, so I took six bottles and I am now strong and well again. I don't know how to express my thanks for the good it has done me and I hope all suffering women will give Lydia E. Pinkham's Vegetable Compound a trial. It was worth its weight in gold."—Mrs. J. F. ENGLISH, R. F. D. No. 7, Erie, Pa.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial. If you want special advice write Mrs. Pinkham, Lynn, Mass., for it. It is free and always helpful.

CLOSING IS A SUCCESS.

New Sunday Postoffice Regulations Carried Into Effect.

There was no long time in waiting at the postoffice during the noon hour yesterday to make inquiry at the carriers window for their Sunday mail. The new regulations announced last week were inaugurated yesterday, with only one clerk in charge instead of three or four as heretofore, and distribution was made from the general delivery window only. Transients and travelers making only a temporary stay were accommodated and persons showing that they expected important communications from some definite point were given attention. Others had to wait until the regular mail delivery this morning. There were a few who had not heard of the change, but quickly grasped the situation and the clerk at the window had a comparatively easy time in handling applicants. Besides the clerk, one carrier worked yesterday to make the regular Sunday collection of outgoing mail, and this system will be followed from now on, the clerks and carriers taking their turns on Sunday duty.

BENEFIT AT ROYAL.

To Be Given for the St. Patrick's Institute Next Monday Evening.

Manager Con Sullivan of the Royal theater has arranged to give a benefit performance on Monday evening next for the St. Patrick's Literary and Social Institute. The members of the institute will hold a regular session this evening and an interesting program will be given, with addresses, music, etc. Arrangements are being made by the members to secure a couple of bowling alleys which are to be added soon to the athletic paraphernalia already installed in their quarters.

The institute is to have charge of the presentation of the drama "Brien the Blacksmith," to be given on St. Patrick's night at the parish hall, and the cast for which is now making good progress towards perfection in the several roles.

An orchestra and a glee club has recently been organized by the members of the institute and they will make their first public appearance on Wednesday evening at the card party of the Young Ladies of St. Patrick's church.

INTRODUCED BY JAMES.

Senator James has introduced a bill to create the office of state fire marshal. The bill provides that city and village officials must make a report of all fires in their jurisdiction to the marshal, and that the marshal or his assistants should investigate all suspicious cases. The office is a sort of branch of the insurance commissioner's office, the insurance commissioner being the marshal ex-officio. The assistant marshal's salary is fixed at \$2,000 a year. The bill contains portions of the law now in effect in Illinois.

Mr. and Mrs. Lyle Phillips of 944 Summit street are the parents of a baby daughter born last week.

SERIES OF MISFORTUNES.

Soo Woman Pursued by Strange Accident Hoodoo.

Mrs. H. E. Ross of the Soo seems to have been persistently persecuted by the accident hoodoo. At least she has only one more limb to break. About ten or a dozen years ago she fell and broke her left wrist. Last May she fell and fractured her right leg. The other day the coal man came with a load of coal, and Mrs. Ross, who was still walking with a cane as a result of the May break, hustled down cellar with a lamp to open the window. She went back up stairs after the hammer and in going down the second time missed the last step, striking on her right shoulder. The arm was fractured just below the shoulder.

SHOCKING MINE ACCIDENT.

Three Men Dashed to Their Deaths in Bessemer Mine.

As a result of an accident at the Cobly mine at Bessemer, three men were dashed to their deaths and a fourth one escaped a similar fate in a marvelous manner. John Martini, Anton Swager, Mike Kutrovitz and Felix Novasconi got on the skip to ride to the surface. All went all right until the men were within about twenty feet from the top, when without warning the skip jumped the track and turned over, precipitating Martini, Swager and Kutrovitz into the shaft. Felix Novasconi, in some unknown manner, had his clothes caught and was hanging on the skip, head downward, when found. His only injury was two broken ribs.

J. C. Schulte left yesterday for Chicago on a business trip.

Mrs. Isidore Blum left yesterday afternoon for a visit to Chicago.

Dr. and Mrs. Geo. E. Gailen have returned from a trip to Chicago. Ernest Horngren of the Western Express office, spent Sunday visiting with relatives at Champion.

The annual banquet of the Young Men's Catholic Club of St. Joseph's church will be held on Sunday evening next at the parish hall. A committee of members is preparing a program for the occasion.

Saturday evening was a busy time for local merchants, practically all doing a good evening's business in consequence of Saturday being payday at the Quincy, and the Hancock mine having paid off on Friday.

A chimney fire on Elm street Sunday morning at about ten o'clock was the cause of the summoning of the fire department, an alarm being turned in from box 41. The blaze was extinguished easily and did no damage.

The bazaar and concert of the Finnish College was brought to a close Saturday evening with an interesting program of music, addresses, etc. The fair lasted three days and was successfully carried out, the proceeds netting a neat sum for the benefit of the college.

Announcement has been made of the approaching marriage of M. M. Shea, assistant cashier of the Hancock First National bank, and Miss Bridget Driscoll, also of this city. The wedding will take place next week at St. Patrick's church.

CALUMET DEFEATS HANCOCK.

Calumet's two goals were made during the first half by Jeffery and Primodig, and Hancock's one successful shot was scored by Harrington.
